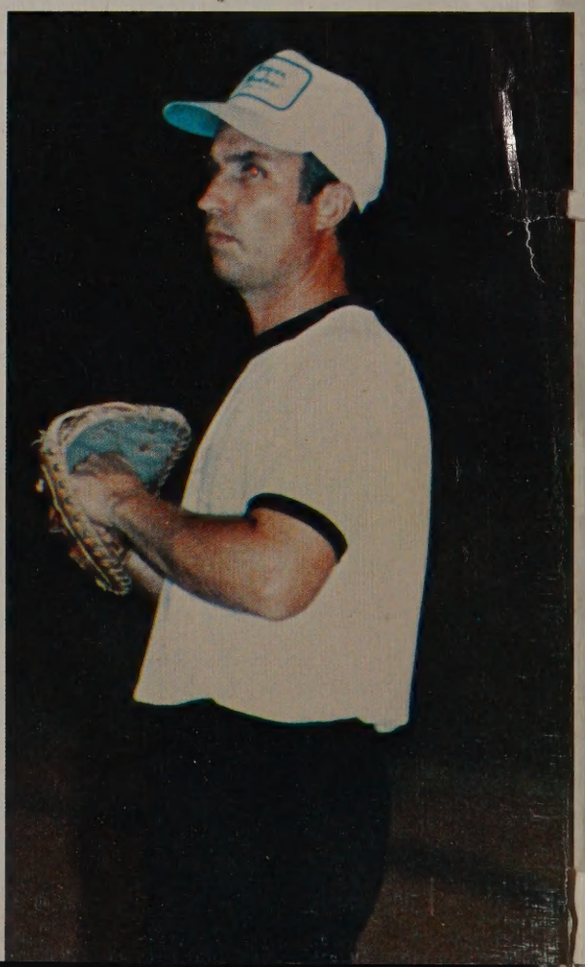
THE ADVENTURE UNFOLDS . . .

The Plainview Adventure has unfolded 75 years of educating students. As these student enter Kindergarten they Start With a Dream. Soon, as they move through the years and classes their adventures are varied with Untold Stories, Thrills of Victory, and Dramatic Suspense. After completing their adventuresome years at Plainview they are challenged by the world to "Set Themselves Free" to bigger adventures.

Mark Galles shows us how to tame the animal side of Bob Pierce during Homecoming Week.

Here is Jeff Atkinson and Joey Irvin just hanging around again.



Our fearless leader, Mr. Kennedy, takes some time out to play some baseball.

THE ADVENTURE UNFOLDS IN '85

Just about everytime you turned around this year Plainview made a change for the better. The new middle school was one of our biggest changes. New computers were bought, while old ones were updated. The parking lot was regulated, and the bandroom moved. These are only a few of the things that happened at Plainview this year. We have a new assistant principal Mr. Larry Roberts, and four new high school teachers.

The Mountain View Mall Pep Rally at the beginning of the year really helped 'spark' the year off, arousing our spirit and pride enough to prepare for the year's work and responsibilities. Activities, and special events like the Student Council's Camfel Production helped ease the burden of this year's work. Who helped make this year great? We did. Hand in hand, side by side working together, we unfolded '85, our best year ever!

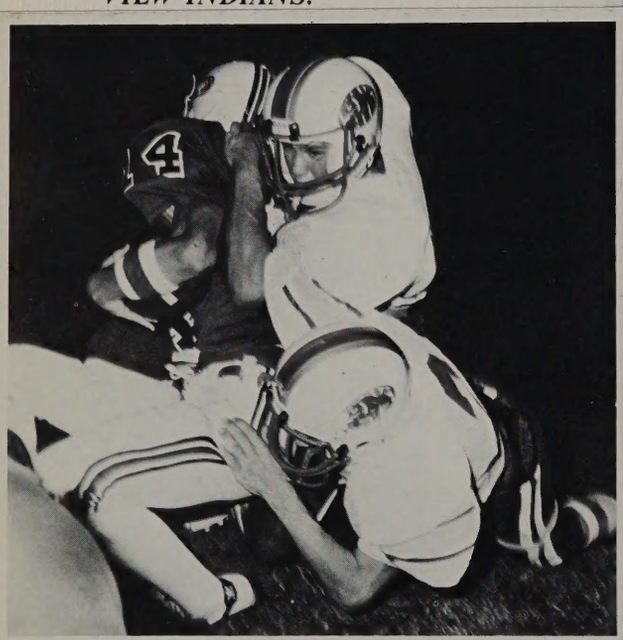
Mrs. DeMoss tried to run away from school but students tracked her down in Rome.

Steve Marris dares anybody to threaten his reign as King of the Tunnel.

THE ADVENTURE UNFOLDS PLAINVIEW'S PRIDE

That's exactly right! Everybody knows it. Plainview's pride shined brightly with some of our more difficult times this year. But whether we're gliding or struggling through life all of us have played a part in Plainview's pride. Whether we were cheering our football team on or helping decorate for the prom we felt the spirit and the pride.

We're all proud of Plainview because we know that it is the best school in Southern Oklahoma. Through our everyday work each of us help to make Plainview just a little bit better. With all this growing pride and spirit who knows what will happen next; but look out Ardmore here come THE PLAINVIEW INDIANS!



Bob Pierce buckles under the pressure of two Healdton Bulldogs.

Mandy Ellis, Melissa O'Dell and Mrs. Collings show their spirit while attempting to hang spirit signs.

Coach Williams is caught in the act as he raids the kitchen before anyone else has a chance.

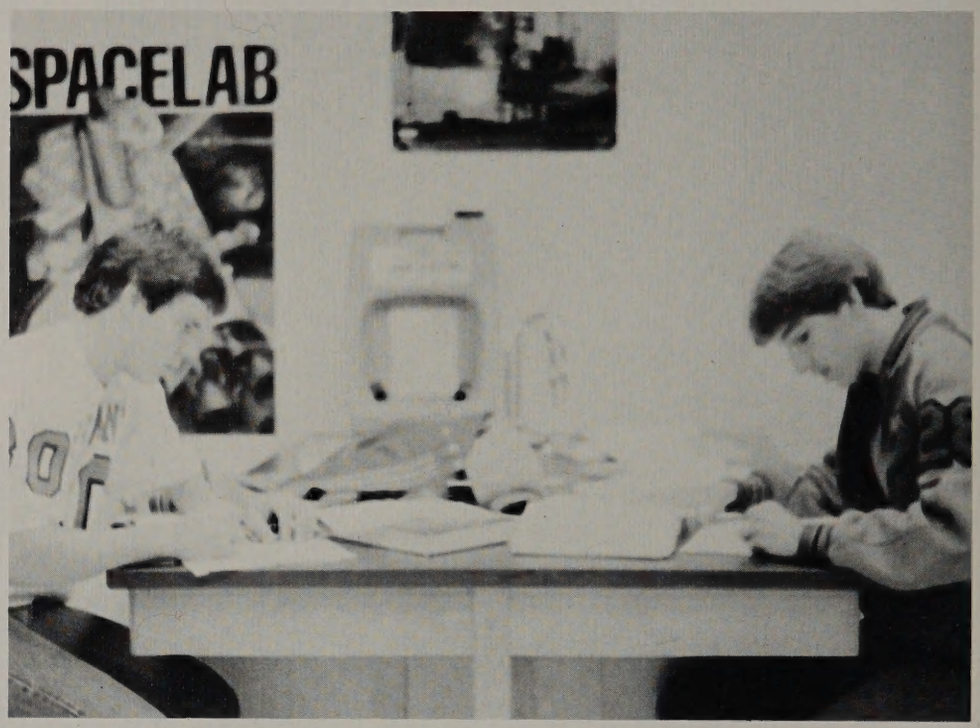
Ricky Porterfield gives Cecilia Williamson a congratulating hug for nomination as homecoming queen.

Getting ready for the Indy 500, Rachael Galoob races around the track with the freshman float.

EVERYDAY ADVENTURES ADD UP TO AN ADVENTUROUS YEAR

Student Life

It's the little everyday things that count. New surprises and problems rise to meet us everyday. As we accept these surprises and tackle the problems we learn and understand more things. Arising early each morning we try to anticipate the complexities of the day ahead of us. Homework, helping others, and making new friends are things we expect to happen. But that is not all that occurs. Sometimes small things happen which may change our entire day. Sure, these little things may not seem like much, but when you meet all these challenges and put them all together it makes that ever growing school on the top of the hill what it is today; our number one adventure.



Jerry Quinton checks Steve Cole's test paper to see if his answers are correct.

Freshmen Chad Fuss, Larry Wilson, and Jim Webb show the class how real scientific experiments are done.

"Try it again, You messin' up boy," says Coach Trimmer.

Mrs. Elmore sits and wonders how she stays alive during third hour.

THE BIGGEST ADVENTURE

Friendship is the base of all things. Without friends life would be vastly changed . . . But we don't have to worry about that! Plainview is bursting with friendship. Everyone can easily relate with each other. New students at Plainview this year discovered that it was easy to find new friends. With all these friends you can't possibly have a dull time. Not only are friends there in good times, but friends are there to bail you out when times become rough or uneasy. In fact, friends are what makes everyday bearable. There are no problems when it comes to friendship at Plainview; but what did you expect? Everyone finds an unfolding and lasting friendship at Plainview.

Misty Taylor, Crystal Aulby, and Johnie Brodie choose their selection of the male playground prospects.

1984 Homecoming King, Tommy Campbell is congratulated by his fellow juniors.

Mr. Kennedy tests his hand-eye coordination on Ms. Packman.

Roaming the roost at the Octoberfest are Gail Jamieson, Love Vell Higgs, Susan Stretesky, David Kopera, Joey Irvin, and Randy Morales.

Elementary students begin to make lasting friendships.

Coach Roberts practices his technique.

Carrie Herrera, David Kopera, and Judy Elmore wait anxiously for fourth hour.

Seniors Tracy Carter and David Kopera share thoughts about the upcoming weekend.

THE DRIVING ADVENTURE

Car. Not a very complicated word, but boy oh boy a car itself sure can become complicated. For most of us a car gives us our own sense of freedom. We are able to go places we were never able to go before by ourselves. We are also able to go out and just cruise around with our friends. But even though we can drive some of us just aren't able to own our own car. The main reason for this is finances. Insurance and gas costs add up so considerably that we usually end up asking our dad or mom if we can borrow their car instead of buying one of our own. The only problem with this is that we must run one hundred and one errands for them before we can use it. But, whether it's our own or our parent's we all manage to get a car when we desperately need it . . . WEEKENDS . . . Oh that weekend adventure!

Candace, Cathy, Marci, and Kim have a good time just being buddies.

Miss Gunter and an unknown assassin water down the FHA flowers.

SENIOR ADVENTURE, SET YOURSELF FREE

A group of silly Seniors take time out of their fun to pose for the camera.

Bathing beauty David Dill and escort Robbie Hatley strut their stuff during the swimsuit competition.

Student Council President, Ricky Porterfield, models the new Plainview academic jacket.

SENIORS 1985

The 1985 Seniors dominated Plainview this year, taking charge of most of the school activities. The presidents of Beta Club, Student Council and FCA were seniors. Steven Cole went an extra step and became State Beta Club President.

But, the excitement has only begun for the 1985 Seniors. As they set themselves free to new adventures and challenges awaiting them. After these years they finally reach an important goal . . . GRADUATION, only to find a new adventure unfolding!

YEARBOOK

This year's Yearbook Staff had their work cut out for them. With a new advisor and a lot of new additions to the staff. There were quite a few rookies on the team. Though many of them knew little about what actually goes into publishing a yearbook, they were good learners and gave their all to put out a super yearbook. This years staff consisted of Steve and Kim Callahan, Kim Hutchison, Kim Burger, Julie Noland, Tama Ellis, Gail Jamieson, Jerry Quinton, Jill Brandt, Andy Rudd, David Dill; editor, and our favorite advisor, Mrs. DeMoss.

Strongman, David Dill, moonlights as "The Indian Editor."

The Indian staff works efficiently to put out a first-class yearbook.

Mrs. DeMoss oversees the ideas for the yearbook.

JOURNAL-ISM

Before this year school newspapers were pretty much few and far between. But now thanks to the large enrollment students could get a newspaper just about every week. The students were divided up into three groups and given a deadline which their paper must be finished. This gave us the chance to see each students individual work. It was a rich and rewarding experience for them all.

Tribal Times Staff—Jill Brandt, Stacey Day, Luis Gaitan, Angie Gore, Tami Griffin, Alisa Henry, and Shelly West.

Smoke Signals Staff—Kelli McCuistion, Debbie Kopera, Brenda Wood, Dave Harris, Julie Gayanich, Susan Stretesky, and Lana Payne.

EIGHTH GRADE

Middle school is a time in a person's life when everything goes topsy-turvy. Things are awkward because you are no longer a child, but you are not a teenager either. You realize what used to be fun isn't as fun anymore. But all in all you're having the time of your life, and you realize that growing up isn't that bad, just a little mixed up.

Seventh Grade

Seventh grade is a time when things are flipped over. You are no longer the "young pups" in school, but you're still underclassmen to the eighth graders. You're not worried about high school, because it's still 2 years away. You are in a fixed, secure position—right in the middle. You can bully the sixth grade but the eighth grade still calls you kid. Being middle in the middle school is not so bad.

SIXTH GRADE

Lives turn upside down in the sixth grade. You have to start all over on the bottom again. It's hard to go from the oldest in elementary to the youngest in another school in a matter of months. You are excited to finally be in the middle school, but it took awhile to get used to it. You might get picked on a little, but soon you will be the ones doing the picking.

That's pretty-good for a 40 year-old, but only average for a teacher of the topsy-turvy.

EXTRA CURRICULAR SPORTS
A Wide Variety

Not everyone participates in a varsity sport at Plainview High. Many students participate in various extra-curricular activities. Some of these activities include swimming, volleyball, water and snow skiing, pool, long-distance running, and gymnastics. These and other sports give students that much needed, well deserved break from long hours of studying for academics, as well as keep many of us in good physical condition.

SOFTBALL
Two ALL-STATERS Chosen

The Plainview High School Softball team started off with a new coach and new players, but ended the season with an impressive 14-9 record as District Champions, and 2nd place winners in the Ardmore Invitational Tournament. Seniors Carlene Priest and Christine Baptiste captured ALL-STATE Titles.

Three starting seniors—Carlene Priest, Sherry Stevens, and Kristene Baptiste gave outstanding performances. Carlene led the team as catcher, Kristene as pitcher, and Sherry covered left field.

Two other part time starting seniors were Robbie Hatley and Cheryl Pogue. Utility player was senior, Christi Heller.

Underclassmen who will be returning next year are juniors Kim Hutchison, Love Vell Higgs, and Gail Jamieson; sophomore, Shelly Muncrief; and freshman Michelle Griffin.

The softball girls celebrate their 2nd place showing in the Ardmore Tournament and proudly display their trophy.

We only wonder what Kristene Baptiste is laughing at, but most of all what Shelly Muncrief is doing.

FOOTBALL
District Runner-up

The 1984 Plainview High School football team finished its regular season with a record of 5-5. Plagued this year with injuries, the Indian tribe often found their backs against the wall, or with a third and long situation, but they valiantly fought back to claim the 2A-8 District Runner-up Title and earned a pass into the class 2A play-off, where they suffered a heartbreaking loss to Velma-Alma (18-10).

Head Coach Ty Prestige said, "regardless of injuries, our team kept coming back to make the season pretty good." Over all the season had many achievements. Bruce Palmer ended up one of the highest regarded in state in all classes, and the team was named 4th in state for passing yardage. This is only the second year in Plainview history that a team has thrown over a 1000 yards in a season. They also had seven named to ALL-DISTRICT. The seniors this year can leave with a memorable record of 23-11 with appearance in play-offs all three years.

Robby Kelley (45), Kelly Morgan (25), and George Dula (18), all assist in making a 3 to 1 tackle.

WOW! . . . Is this the touchdown that Steve Cole (12) beat the defense to the goal line by a nose?

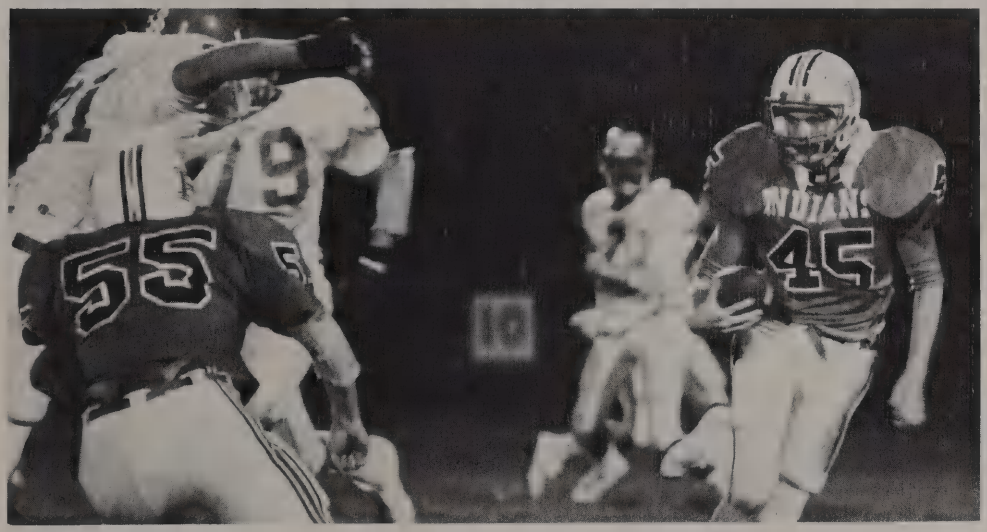
Marty Austin tries to explain to Coach Trimmer what really went on out there on the field.

Randy Smith takes a glance at a cheerleader while waiting for a drink to cool off.

"Say man, did you see dat dude run down de field?" says Bobby Bockman.

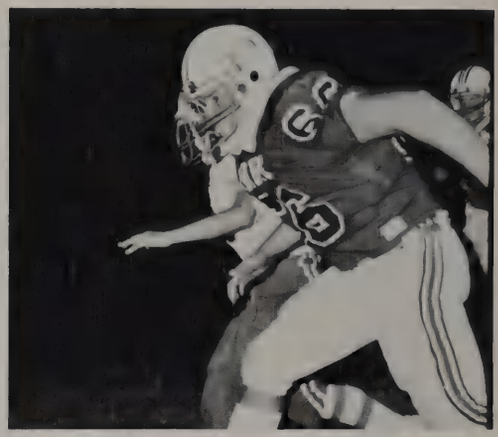
David Dill (55) trys a proposition on the defensive opponent to allure him away from ball carrier Robby Kelley.

Returning from checking on injured player, Ricky Porterfield, Head Coach Ty Prestige looks at the clock with great concern.



J.V. FOOTBALL
Rough Year

The Plainview Junior Varsity football team had a season cut short due to the injuries that were obtained by both varsity and junior varsity players. J.V.'s final total of games played was three, with a record of one and two. Head Coach Ty Prestige commented, "It was just to hard to get organized with having to switch the players back and forth from varsity to junior varsity."



Barry Jim growls harshly at the opponent.

Scrambling from the defense, Daron Henry carries the ball down the field.

One of the ambling players, Chad Ellis (69) makes a lunge for the ball carrier.

Looks of concern marks the faces of the coaches as the referee makes the call.

Mike Cole makes a leap into the air to catch a touchdown pass.

P.H.S. BOYS BASKETBALL

Reaching for a #1 Season

The P.H.S. boys basketball team showed extraordinary will power to achieve an incredible season. They proved this with their 6-1 record before the Christmas break. The team also chalked up a first place victory in the Murray State Tournament. Head Coach Buddy Capps commented that they showed great effort this season, also emphasizing that he had a variety of outstanding talent, who were running close in statistics. Senior Tracy Carter was an extreme asset this year, averaging 17 points and 8 rebounds per game. Marty Austin, also a senior, aided the team with his inside scoring ability. Senior Ross Hutchison was sidelined with ankle injuries at the start of the season but later returned to the court to help balance the inside attack. Tommy Campbell and Mark Gallas were Juniors who were among the starting five. Juniors Robby Kelley and Brian Lindsay came off the bench when needed.

Tommy Campbell #22 shows great concentration as he is in a defense position.

Senior Steve Cole #20 puts up a jump shot that aides the team in another two points.

Tracy Carter #11 shows Kingston how you really "jump".

Mark Gallas #44 looks deep into the eyes of the offense.

P.H.S. GIRLS BASKETBALL

Taking the Ups & Downs

The Plainview High School girls basketball team had a rewarding season. Committment was displayed by all of the team members, and the four seniors supplied the leadership necessary. The guards played a strong part in the teams successful season. Seniors Carlene Priest and Kristine Baptiste supplied the inside strength, while, junior, TraCe Williamson provided outside quickness. On the forward end of the floor, Sherry Stevens led the scoring with an average of 24 points, Tammy Shaw maintained a 20 point average, and Kim Hutchison rounded out field with a 12 point average. The team had Consolation wins in both the Murray State and Wynnewood Tournaments. Head Coach Kerry Roberts commented, "All of the team maintained good attitudes and worked hard all year."

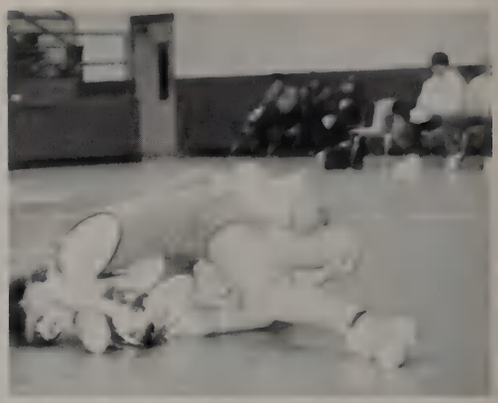
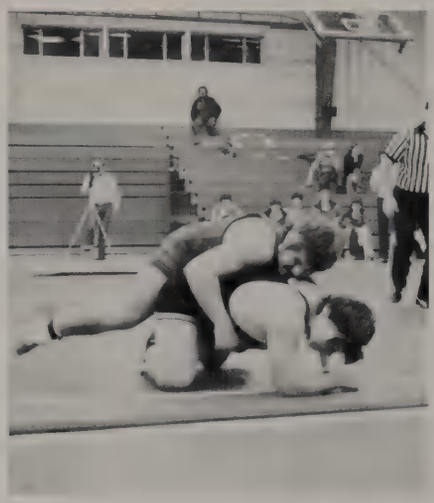
P.H.S. WRESTLING TEAM





Considering that the P.H.S. Wrestling team was young and inexperienced, they had one of the better teams they have had in a number of years. Having only one senior on the team, several young wrestlers had to mature quickly. At the lower weights, Darren Culley, Gary Heller, Wade Horn, Chad Ellis, Brian Ratcliffe, and Cliff Stahlbusch gave their opponents something to worry about while Jerry Quinton, Randy Smith, Greg McCleskey, and Brian Bray dominated the upper weights for the Indians. The wrestling program is growing in many ways such as starting the Take Down Club which is for parents and wrestling supporters. The Take Down Club is also starting a youngsters wrestling program of about 48 wrestlers from age of 3 years to 8th grade. Head Coach Gerald Winnard looks forward to seasons future as the program really takes off.

Cindy Howell and Jennifer Cassity are the distance runners.

Coach Trimmer and the team had an excellent track season which competed in about 10 regular meets and also Regional and State. Coach Trimmer felt that the newly implemented weight program has contributed greatly to the success of the track team. The boys as well as Coach Trimmer are very proud of their season.

Coach Wakefield commented that much of the team's strength came from the outfield, catcher position and also his starting pitcher. The starting seniors, Bruce Palmer, Steve Cole, Ross Hutchinson, Brian Mozingo and Jerry Quinton together were a strong backbone to the team. Coach Wakefield also said that the team's weaknesses came from lack of consistent hitting and pitcher injuries although the underclassmen showed a great deal of potential for the future seasons.

SUPPORT PERSONNEL

Neither rain, sleet, snow, or the clamor of unruly children stop the important jobs of our support personnel. First, the secretaries are definitely the women behind the men running our school. Second, the cooks provide a warm lunch in sub-zero temperatures. Third, the custodians keep our schools sparkling, and last but not least, our bus drivers pick us up and take us home safely. Thanks, support personnel, we couldn't do without you!

Plainview High School Faculty

Ms. Hammer plans for another successful Beta year.

Gone are the days when teachers give tender loving care to every student, because when you enter the High School doors you are said to be an independent person. Although all of us like to consider ourselves independent we all like to have a helping hand. That's where our High School teachers really come through for us. Sometimes they seem like monsters, but we all know that down deep they have big hearts. Second only to our parents, we have learned more from them than anyone else. More than just a friend, we know we can turn to them with our problems. As sure as day follows night, we know we'll see our teachers bright and early every weekday morning. Whether it's Ms. Hammer trying to raise everyones library I.Q., or Ms. McCutcheon preparing you for college English, we feel resentful towards them when they made us study, but we know they are right in the long run. Thank you teachers for a job well done. It has made a lasting impression on us all.

MIDDLE SCHOOL AND ELEMENTARY TEACHERS

Middle School and Elementary teachers have the most difficult task of all teachers. They play every role from a second mommy to dealing with most troublesome students. The requirements are a large lap for emotional hurts, a desk filled with Band-aids for physical ones, and an immortal supply of patience. Teaching children, these teachers have the important job of giving their students something they will remember and use the rest of their lives. The Middle School teachers equally share the difficult task. They watch as students enter Middle School as children, and leave as young adults. During the three year time, these teachers face their students knowing their pain of growing up, and trying to make it a little easier. We salute the Middle School and Elementary teachers for a job well done.

Mr. Winnard takes the tough challenge of elementary P.E. with grace.

The Adventure Continues . . .

After 75 years of educating students at Plainview, we find each year more adventurous. Plainview students go through many new and exciting adventures. Students found many adventures in their clubs and classes from Beta Club conventions, F.C.A. meetings, and band concerts. But the adventures did not stop here, they continued with the foreign language clubs; the French Club's breakfast, the Latin Club's Toga Party, and the Spanish Club's Pinata Party.

The biggest organization in charge of creating adventures for the student body is the Student Council. The Student Council sets up dances, homecoming week, and much more.

These kinds of challenges, and adventures occured all year. Just when you thought the adventures were over in May, they start back up again the next year, making each year a better year than the previous one.

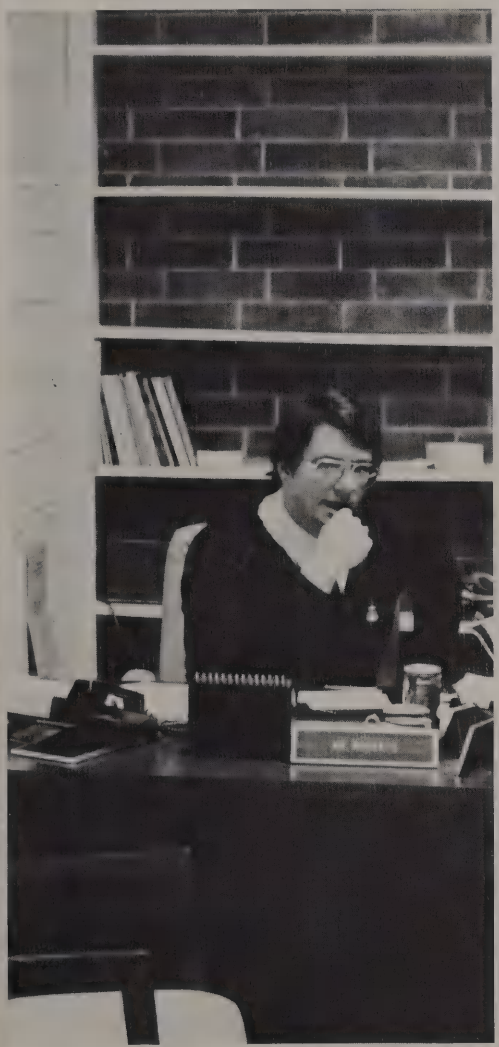
Ricky Porterfield jumps to his feet to cheer Plainview's basketball team to victory.

Junior Marci Edmondson and Sophomore Debbie Kopera relive some moments of their childhood.

Flower girl Megan McCulloh and crown bearer Shane Wakefield can hardly wait to participate in the homecoming coronation.

8th grader, Melinda Ratcliffe, studies the many different rocks in science class.

"We would rather die than do physics," says Ross Hutchinson, Kelly Morgan, and Fred Burger.



"Certainly I will have the program done by two," says Junior Jill Brandt.

High Schools Assistant Principal Mr. Roberts wonders which teacher let a student out of class to take pictures.

The 1984-85 school year was filled with adventures in both Ardmore and across the nation. One of the major events that occured was the re-election of Ronald Reagan as President. Equal rights got a big boost when Geraldine Ferraro was selected to run as Walter Mondale's Vice-Presidential candidate. American patriotism was at a high when our athletes did us proud in the 1984 Olympics in Los Angeles, CA.

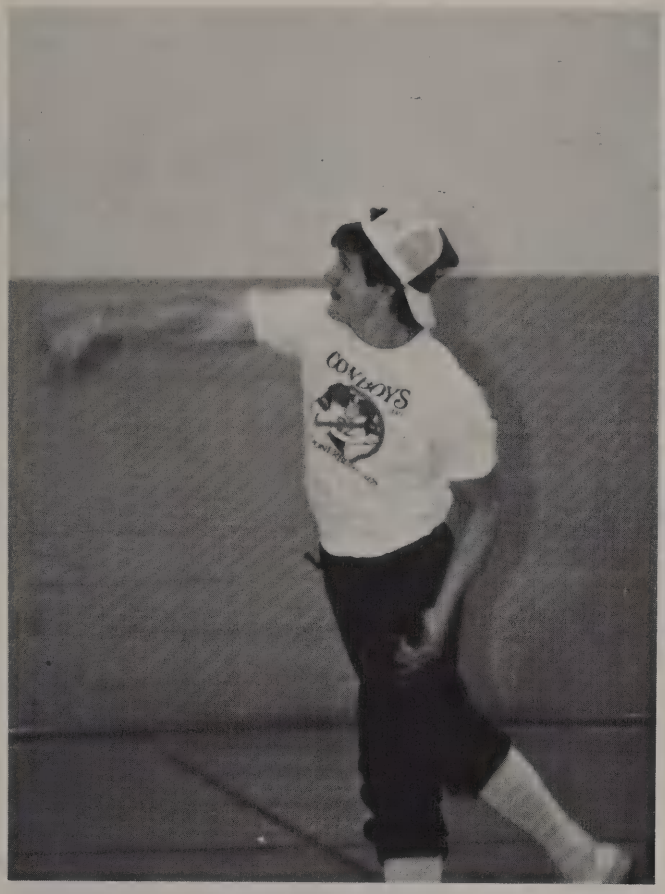
When the new Plainview middle school opened it's door this year, it helped give breathing room to the rapidly growing population of Plainview School System.

The movie that sky-rocketed to the top of the box office was "Ghost Busters". The hottest album was "Purple Rain" by Prince. The trendy style of florescent clothes really brightened up the halls of P.H.S.

Plainview opens the new year with F.H.A.'s Come Alive in '85 Dance.

Robbie Hatley, a warm and wonderful person, hangs on affectionately to her good friend, Marty Austin.

Stephen Freeman impersonates one of Robbie Milsap's Roman ancestors.



Volleyball pro, Kelly Morgan, sends the ball hurdling over the net for another Porker point.

Santa, David Dill, asks if Thalia Byers and Kellie Crosby have been good, which he gets in reply, a smile and a whisper.

These sophomore guys make you wonder what they have really been up to.

Todd Tarochione and Daryl Meadows "want to be somebody"; looking like this will they ever be?

Michael Miller gives his competitor a few feelings of victory before flipping him to win the match.

COLOPHON

Volume 61 of the Plainview High School Indian was printed by the Herff-Jones Yearbook Company of Montgomery, Alabama. Five hundred twenty five copies containing 164 pages plus 4 fold-out pages were printed on 80 pound gloss paper. This will be the third year in a row that the "Indian" will be used as a national sales promotion.

Senior portraits presented in color and the fold-out were included in the 24 pages of 4-color prints. Endsheets were of a 60 pound coverstock. The school designed cover featuring 75 years in continuing Plainview education is white grain crush leatherette with clear red foil and red metallay with Smyth sewn binding. Senior portraits, senior favorites, royalty pictures, and some group shots were shot by Harry Myers of MARQUISE STUDIOS. All other casual, sports and group pictures were done by either the advisor or the staff. Although per copy cost of the book was over $26.00, books were sold to students for $18.00.

We would like to thank Herff-Jones representative Roy Conners, for his endless assistance in producing this book. We would also like to acknowledge all the teachers who gave all of themselves to help.
